

Healthy Smiles for Two

What will my dental visit look like?

- ✓ Keeping your teeth and gums healthy during and after pregnancy is important for you and your baby's health.
- ✓ Dental treatment during pregnancy is recommended and safe.

Oral Health Service Tasmania

TASMANIAN
HEALTH
SERVICE

Access the reception through the main door.

Some clinics will look different on the outside.

Please speak to one of our friendly team members at the reception.

You may be asked to wait for a few minutes.

One of our dental team will collect you from the waiting room for your appointment.

We will chat to you about your teeth. Please tell us about any issues you may be experiencing during your pregnancy or any medications you may be taking.

Your dental clinician will ask to look in your mouth. The clinician will discuss your dental needs and any treatment options with you before treatment is started.

Do I have to pay?

- There is a cost of \$45 per appointment.
- If you are under 18, dental care is bulk billed when you present a valid Medicare Card.
- Remember to bring your Medicare Card and Health Care or Pensioner Concession Cards to your appointments, along with any medications you may be taking.
- Partners are welcome to come along for support!
