PART A AND B – AUTHORITY TO ESCORT – INSTRUCTIONAL INFORMATION

A patient's treating medical practitioner may seek to have a patient taken under escort and involuntarily admitted to an approved hospital in a range of circumstances under the Act.

An Assessment Order is authority for any Mental Health Officer or police officer to take the patient under escort to ensure that he or she presents for assessment under the Order (section 27(2)(a)).

An Assessment Order is also authority, if authorised by the terms of the Order; for the patient to be admitted to an approved facility and, if necessary, detained in an approved facility for and in connection with the patient's assessment under the Order (section 27(2)(b))

A Treatment Order is authority for any Mental Health Officer or police officer to take the patient under escort to ensure that he or she presents for treatment under the Order (section 42(4)).

A Treatment Order is also authority for a patient to be admitted to, and if necessary, detained in an approved facility, or type of approved facility for the purposes of receiving treatment, if this is specified in the terms of the Order (section 42(2)(a)).

PART B – RECORD OF ESCORT – INSTRUCTIONAL INFORMATION

If a patient is taken under escort in accordance with section 27 or 42, the custody and escort provisions apply.

In taking a person into custody, a Mental Health Officer or Police Officer may take possession of and safeguard any medication, physical aid or other thing that the custodian or escort reasonably believes is or may be necessary to the patient's health, safety or welfare, or which may be relevant to the patient's examination, assessment, treatment or care.

A custodian may, as circumstances require, transfer physical control of a person in custody to another Mental Health Officer or Police Officer.

Custody is not taken to have been interrupted or terminated because physical control of the person has been handed over from one Mental Health Officer or Police Officer to another such officer.
